Wisconsin Water Alliance Statement on Release of Water-Related Bills Package

[Madison, Wis.] – Wisconsin Water Alliance President Dan Ellsworth released the statement below following today’s release of a bipartisan water-related legislative bills package:

"Water is at the core of Wisconsin’s economic engine and environmental beauty, and properly addressing a diverse range of water issues is one of the most pressing challenges facing our state. The legislation introduced today, stemming from the work of the Speaker’s Task Force on Water Quality, aims to find common ground that results in action. Wisconsin Water Alliance applauds the work of the Task Force’s leadership, Representative Todd Novak and Representative Katrina Shankland, for their efforts to further the important discussion on water.

“Taxpayer dollars must be used effectively, and burdensome regulations on job creators must be avoided. Wisconsin Water Alliance will continue to advocate for solutions that protect our environment while enabling Wisconsin’s economy to thrive.”

The Wisconsin Water Alliance is a non-partisan, statewide organization whose mission is to protect the state’s water resources and advocate for sound water policies that benefit families, cities, businesses, farmers, and others. Visit WisconsinWaterAlliance.org to learn more.
